

**Dear Community Partners & Local Businesses ,**

Let Your Voice Be Heard, Inc. and Brothers Get Up presents the 2nd “Community Care Fair” taking place at the Central Florida Fairgrounds on August 7th of 2022.

For those who are not familiar, the Community care fair is an event that takes place indoors in the Central Florida Fairgrounds and features over 50 nonprofits, community organizations, social services, small business owners, food vendors and more.

Also coupled with entertainment for the family through a children’s play section, live entertainment and music and a youth talent show with some of the best talent acts from Central Florida. The last Community Care Fair had over 1500 attendees and this time we plan to have more attendees since we are finally adjusting to the pandemic.

All vendors will be placed in the most efficient area possible and will be prominently featured at the Community Care Fair.

To give insight, this event was formed as a response to the violence and crimes that take place in Central Florida. There will be businesses and representatives at the event that are there to provide services to families and youth in the forms of social services, employment, community service, life opportunities and more.

After the last Community Care Fair, we experienced a dramatic decrease in the crime rates and violence, and we are looking for a repeat with this event!
