

Dear Community Partners & Local Businesses ,

Let Your Voice Be Heard, Inc. and Brothers Get Up presents the 2nd “Community Care Fair” taking place at the Central Florida Fairgrounds on August 7th of 2022, followed by the official launch of “Brothers Get Up Mentoring” program taking place on October 30th, 2022, at the DoveCote restaurant in downtown Orlando.

The Community care fair is an event that takes place indoors in the Central Florida Fairgrounds and features over 50 nonprofits, community organizations, social services, small business owners, food vendors and more. Also coupled with entertainment for the family through a children’s play section, live entertainment and music and a youth talent show with some of the best talent acts from Central Florida. The last Community Care Fair had over 1500 attendees and this time we plan to have more attendees since we are finally adjusting to the pandemic.

To give insight, this event was formed as a response to the violence and crimes that take place in Central Florida. There will be businesses and representatives at the event that are there to provide services to families and youth in the forms of social services, employment, community service, life opportunities and more. After the last Community Care Fair, we experienced a dramatic decrease in the crime rates and violence, and we are looking for a repeat with this event!

All sponsors will be prominently featured at the Community Care Fair so that Central Florida can know who all helped make this a possibility! We are calling on all sponsors and supporters to reach out to us (more information will be featured below). Following the Community Care Fair, we will be having a special, private mixer for the launch of “Brothers Get Up”, October 30th, 2022, at the DoveCote Restaurant where we will once again feature our sponsors prominently and highlighting them. Any sponsorship package purchased will entitle you to the benefits at both events. This is a 2-for-1 special.

Brothers Get Up Mentoring implements a new approach of mobile mentoring that enables the mentors to bring youth resources such as community service, life lessons, life coaching, job opportunities, school placement, social services assistances and more right to “where they are”. Our mentors have a vigorous schedule of neighborhoods that they meet with weekly to positively enforce the lessons that have been taught.

Brothers Get Up Mentoring also believes in bringing resources to the family to ensure their success. We have life coaches and financial advisors available to meet the needs of the family for matters outside of only youth mentoring. We also work with several institutions to provide youth with job placement, shadowing and community service hours. We believe in mixing traditional and new strategies to produce the most success in changing the youth’s lives. We will be releasing more information on the program and how people can join at our official launch.

Please review this information and let us know. For more information, please visit us at www.letyourvoicebeheardinc.com. Attached to this letter is a sponsorship package.
