Let Your Voice Be Heard, Inc. is a 501(c)(3) that operates with one sole intention, CHANGE. We are working through outlets such as our monthly community forums and workshops for youth and adults, youth after school outreach, community outreach and peace walks, rallies, job fairs, social events and more. This group's mission is to implement life-changing programs that will help curb violence and nourish and support minority and local owned enterprises. To keep up with all our momentous events and see recaps and photos from past events, please visit our website mentioned above or follow us on Facebook.

Community Outreach and Peace Walk

Let Your Voice Be Heard, Inc. is enhancing our daytime community outreach efforts. We conduct regular outreach walks in which we engage and interact with the residents of Central Florida. We will be walking through the shopping centers with newsletters, and conducting surveys for the community that ask questions about "do you need extra income, do you have life insurance, do you have food assistance, etc." in hopes of finding solutions for the residents. The purpose of this is to engage the neighborhood, establish a presence and provide people with great resources for recreational and social services for the family and youth. We will provide residents with information that can help benefit the home and in the future, we will like to conduct surveys and find out what needs can be met with the partners we have.

Let Your Voice Be Heard Community Forum

Let Your Voice Be Heard, Inc. presents the 9th Let Your Voice Be Heard Community Forum taking place 05/21/17 at Global Dynasty Corps 6250 Edgewater Dr Orlando, FL from 7:30p-9:30p! Our community forums recur monthly and touch bases on various issues such as social justice, crime prevention, youth outreach and mentoring, community outreach, social services, workshops, charitable events and more! This is not a formal forum where we will not hear your opinion, we believe we are stronger together and welcome anyone to join us. Our next forum will touch bases on the various community and youth outreach events we have in place, innovative ideas on how to help stop the violence, new workshops we're working on and various community initiatives we've been working on.
